

CPC offer a comprehensive range of pool and spa water treatment chemicals in varying pack sizes to accommodate different requirements. All products are backed up with technical product and application support via our friendly customer service team. A collection/disposal service is also available for empty CPC containers.

hth® Calcium Hypochlorite

Suitable for hard and soft water
Less pH correction is required
Balanced water easier to achieve
Helps control Total Dissolved Solids
Improves water quality and bather comfort

Order Code	Pack size	Case QTY	Cat code/discount
HTH Dedusted Granules			
HTHDDGRAN10	10kg	each	CM15

HTH Easiflo Granules			
HTHEFGRAN25	25kg	each	CM15
HTH Easiflo Tablets			
HTHEFTAB25	25kg	each	CM15

The new generation of automated dosing systems for hth® EASIFLO briquettes

How does it work?

The hth® Easiflo feeder produces a Calcium Hypochlorite solution on demand from the automated control unit. The hth® Easiflo briquettes are placed inside the hopper of the feeder. When the auto control indicates a need for chlorine, filtered pool water is directed onto the briquettes via the patented spray system. This produces a stable chlorine solution, which is then drawn into the pool circulation under vacuum created by the venturi.

The hth® Easiflo feeders were designed using the latest technology to ensure trouble free operation, as long as only hth® Easiflo briquettes are used within the systems.

- A patented spray system is used to create the chlorine solution from hth® Easiflo briquettes with an average of 68% available chlorine
- Fast and easy maintenance with a full washdown system to keep regular maintenance to a minimum
- A high level of safety with a fully automatic overflow protection sensor, and safety lid cut off switch

Pro-Cal Calcium Hypochlorite Donors

High quality, high chlorine strength products

Even consistency

Suitable for hard and soft water

Suitable for most chemical dosing devices including the Granudos granular system

Fully backed in-house and field product support

Pro-Cal Extra Calcium Hypochlorite Donors

High quality Japanese material

Commercial chemicals

Introducing Blue Horizons Commercial, Extra Kleen range. If your requirement is to clean any of the following...

- Swimming pool areas and spa areas
- Toilet areas
- Gym floors including matting and gym equipment
- Showers, washrooms and changing rooms

You should seriously consider Extra Kleen, for the best results with the added benefits of killing bacteria, including legionella and having minimal pH impact on your swimming pool or hot tub.

Extra Clean Leisure Industry Cleaners

Commercial Cleaning Products

Extra Kleen Deep Kleen

Triple action cleaner.
Removes heavy soiling including rust, scale/calcium deposits, scum and body oils/fats.
Minimal pH impact.

Order Code	Pack size	Case QTY	Cat code/discount
Extra Kleen Deep Kleen			
CPEXDEEPSBH	5ltr	2	CM05

Extra Kleen Multipurpose Kleen

Highly effective biodegradable general purpose cleaner.
Sanitiser with a fresh fragrance.

Order Code	Pack size	Case QTY	Cat code/discount
Extra Kleen Multipurpose Kleen			
CPEXMULTISBH	5ltr	2	CM05

Examples of how effective Deep Kleen is...unbeatable cleaning power

Extra Kleen Scale Kleen

Enables rapid penetration and removal of scale deposits/scum and body fats.
Removes metal tarnish, hard water scale, rust from ferrous metals and brightens aluminium and chrome surfaces.
Minimal pH impact.

Order Code	Pack size	Case QTY	Cat code/discount
Extra Kleen Scale Kleen			
CPEXKLEEN5BH	5ltr	2	CM05

Extra Kleen Shower Kleen

Highly effective shower head descaler and disinfectant that kills bacteria including legionella.
Quick and easy to use method of removing unsightly scale that harbours bacteria.
Keeps shower heads and taps flowing freely and looking good.

Order Code	Pack size	Case QTY	Cat code/discount
Extra Kleen Shower Kleen			
CPEXSHOWER5BH	5ltr	2	CM05
